

Reference for Cleancorp

7th April 2010

We have now been using Cleancorp services for a number of years. We have found the cleaning service to be professional and thorough.

We are pleased with the ongoing inspection service that is performed on average every 6 weeks, so if we did have any issues we get the chance to talk to Cleancorp about them.

On occasions I meet with the cleaners they are always polite and courteous.

When our contract comes round for renewal at this stage we will not hesitate to renew our contract.

Regards
