To Whom It May Concern

Re: Recommendation of Cleancorp Contract Services

Dear Sir / Madam

This is to commend Joshua Patel and the Cleancorp team for the ongoing cleaning services supplied to Mastip Technologies at Rosebank Road, Avondale.

Cleancorp undertake cleaning and replenishment of consumable products for the main offices, entrance areas, kitchen / lunchroom for 60 staff/ 2.5 shifts, the toilet areas and access ways connecting the main factory areas to the above.

At all times they have conducted themselves in a professional manner, maintained premises security, communicated any issues or potential issues clearly and early, notified the company of any changes in times of cleaning and any improvements that could be made.

In addition they are responsive to suggestions and immediately follow up on any issue raised (very infrequent event) or special request from Mastip.

I am pleased to be able to recommend their contract cleaning service to any potential customers.

Best regards

Neville Thomson
Operations Manager
Mastip Technologies Ltd
