To Whom It May Concern

Since early 2005, Brother International (NZ) Limited has had its Corporate Office in Auckland, expertly cleaned by Cleancorp Commercial Cleaning. Our current cleaner, Dae Lim has cleaned for us since July 2007. During this time Dae has often had to adjust his schedule to suit us when we hold functions or training sessions here.

Dae does a great job keeping our premises sparkling clean. He is very conscientious, reliable, thorough, and professional. I would definitely recommend him to anyone requiring a high standard of cleaning.

Yours sincerely
