To Whom It May Concern:

Dominion Constructors took on Cleancorp to clean our companies' premises in May 2008, and have found that they do a very satisfactory job.

Rajesh and Anjila are easy to talk with, as they are both very polite and friendly. If we have any issues or extra areas that need attention we have found using the communication book based at reception to work very well. I can also email them and they reply to my requests in a very timely manner. We do a self audit process every couple of months to help keep the level of service at a high standard.

Unfortunately Dominion had a few bad experiences with cleaners before we found Cleancorp, we are very happy with the service we receive and we would recommend Cleancorp to any company for their cleaning requirements.

Yours sincerely
