

19th August 2010

To whom it may concern,

This is to verify that Ray Choudhri, on behalf of Cleancorp, commercial cleaning have been contracted to clean the MeadowLea premises at 92-98 Harris Road since 2008.

I am happy to recommend Ray and Cleancorp as, during the 2 years they have been cleaning on site the standard of cleanliness throughout has improved significantly. Ray and his team are responsible for cleaning across the manufacturing site including offices, laboratories and manufacturing support areas. They are also responsible for replenishing and managing stock of consumable items.

Yours faithfully,

Katharine Sampson
