To Whom It May Concern,

We have had a contract in place with Cleancorp Ltd since 2004, to clean our offices three times a week and the service has always been undertaken with great care and attention to detail. Ashiyana and her crew have always been more than willing to go out of their way to assist us with extra cleaning tasks, such as washing our tea towels at the end of the week, which has always been greatly appreciated.

As a company we can also feel ensured the standard of cleaning will always remain high, with the site visits from our Account Manager Toops, who inspects our offices with Ashiyana every few months. We'd be more than happy to extend our contract with Cleancorp, at the next date of renewal.

Yours Sincerely,

Victoria Everiss  
Executive Assistant
